(POST)-YU STUDIES IN VIENNA

June 2023

IDEJA

This event series aims to bring together **scholars from various disciplines and institutions** who are based in Vienna and who research different aspects of **Yugoslav or Post-Yugoslav history, society and culture**. The project is a continuation of the networking workshop **“(Post-)Yugoslav History, Society and Culture”** that took place in September of 2022 at the University of Vienna. Following much enthusiasm by participants throughout the entire workshop to stay in touch, develop and strengthen the initiated network, a decision was made to organize this follow-up event. Hopefully the first of many to follow.

Over the course of one evening event and a day workshop, participants will have the chance to talk about their research and network with prospective colleagues, mentors and reviewers, and learn about other ongoing projects through discussions in smaller groups. **The goal of our event is to facilitate future co-operations.**

Initiators and Organizing Committee:

Olja Alvir
Julia Schranz
Ivan Nikolovski
Dario Brentin
Lucas M. Schubert
